PLANNING MEETING:

The President outlined the Agenda, which had already been distributed to members. It was noted that Clive Vardy had agreed to act as facilitator with Allen McCaw as Chairman of the Planning Meeting.

1. In referring to his paper "Discussion Points for 1989 Planning Meeting" the President commented that, in his opinion, there were two basic matters to be decided:

- a) What activities are essential to the Industry and the Association;

In the general discussion which followed it was agreed that progress of the past years must be maintained, the specialty groups should be encouraged to have a greater input into the industry by becoming members of the suggested Beekeeping Industry Council.

- 2. Regarding the suggested appointment of an Executive Officer, the President advised that such an appointment would be in addition to the services currently provided by the Pork Industry Board. The appointment, if approved, would assist in reducing the workload of the President, and also reduce the sometimes considerable delays in decision making. It was agreed that, once the decision had been made, a job description would have to be produced, and that charge out rates would be the responsibility of the Association. Suggested location was in reasonable proximity to Wellington, although not necessarily in Wellington.

IT WAS RESOLVED

THAT THIS EXECUTIVE SUPPORT THE ESTABLISHMENT OF A PART TIME MANAGEMENT OFFICER FOR THE NBA, TO OPERATE IN ADDITION TO EXISTING EXECUTIVE SECRETARY AND SUBJECT TO ACCEPTABLE COSTINGS BEING PRODUCED.
